

# Objectives

In this section you will:

- Know the ICT can **affect** employment.
- Be able to describe industries where there has been a **reduction** of employment.
- Be able to describe industries where there has been a **increase** in employment.
- Be able to describe where ICT has **changed** the way jobs are carried out.

# Success Criteria:

You Must: Complete page 1 of the ICT and Employment research sheet.

You Should: In pairs, research into one job where ICT has changed how it has been carried out and create a PowerPoint to present your findings.

You Could: Write-up a description of how ICT can affect how jobs are carried out by watching another student's presentation.
